

Add fields – Import from MyJohnDeere

There are 4 possibilities to adding fields in FIELD MANAGER. With the fourth option, you can connect to your MyJohnDeere account and import your fields from there.

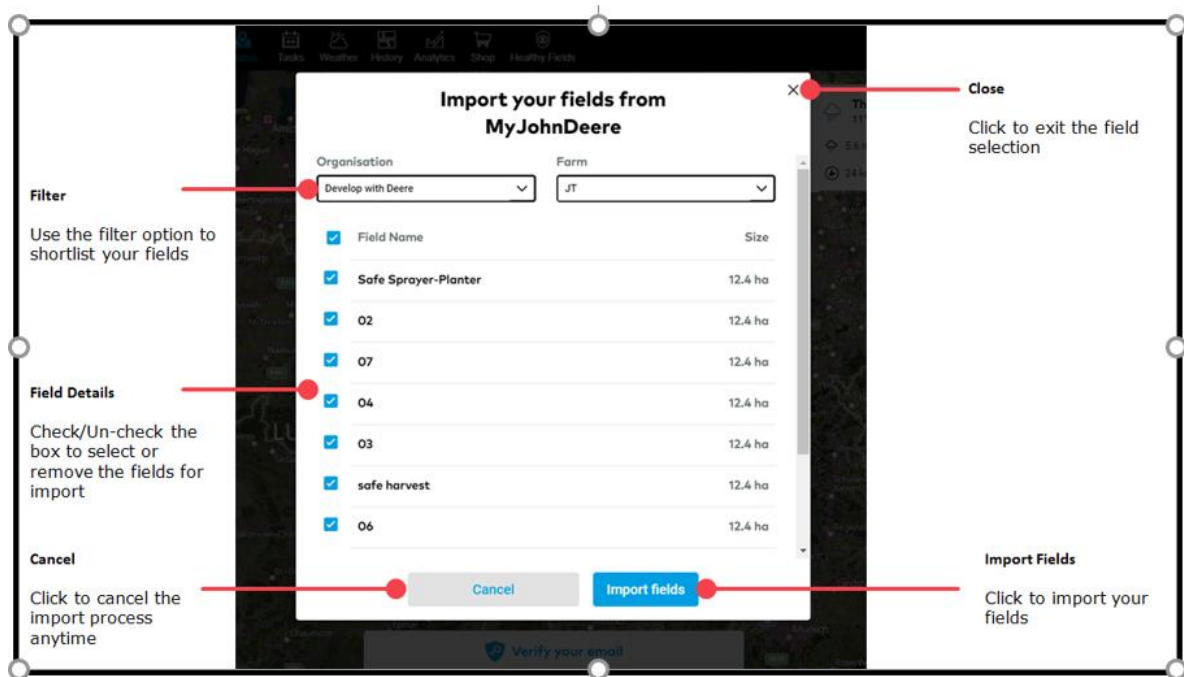

- After logging into FIELD MANAGER, click on **Add fields** on the **Status** page.
- From the pop-up screen, select **From MyJohnDeere**.

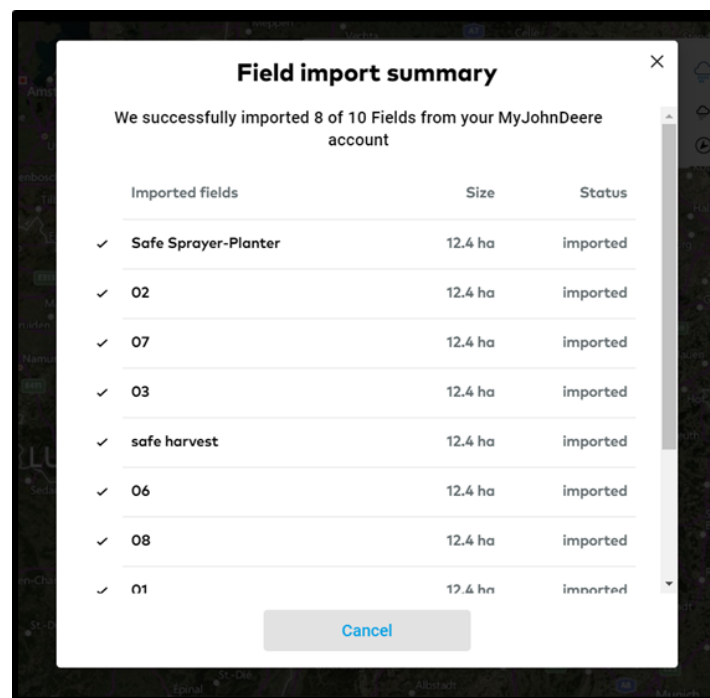

- If you have not connected your FIELD MANAGER and MyJohnDeere account yet, we will redirect you to MyJohnDeere page where you can log in.
-

- Once your accounts are connected, you will directly see the list of your fields to import.
- Click on **Import fields**

- After the import you will get a **Field import summary**

- Your fields are in FIELD MANAGER now!
